

Polk County Opioid Settlement Funding Grants

Announcement of Funding

Due to the extensive damage and loss of life caused by the opioid crisis that was brought on by the unethical and over-prescribing of opioid medications, the state of Tennessee will be receiving over \$1 billion over 18 years in settlement funds from several large corporations. Polk County has been allocated a portion of these funds, which will be received in annual payments. The County has established the Polk County Opioid Board to oversee the spending of these funds to ensure they are used to remediate the opioid crisis and save lives. The Board will invite community organizations to apply for these funds annually.

Availability of Funds

The selection process for funding will utilize a competitive process, and the number of awards will be dependent on the amount of funds available for annual allocation. The amount of funds available and dates of application submissions and awards will differ annually. The amount of funds available for the *2025 funding cycle* will be \$77,000.00 and proposals will be accepted between **Feb 1, 2026 – Feb 20, 2026**.

Eligibility

Applications will be accepted from any organization that serves residents of **Polk County** but will only be distributed to those that provide services that fall within the approved remediation uses set forth by the TN Opioid Abatement Council, listed below in Allowable Uses of Funds and outlined in [Exhibit E](#). If an applying organization is located outside of Polk County, funds will only be awarded to that organization if they are used to serve Polk County residents. The Polk County Opioid Board will dispense funds in accordance with all applicable rules and regulations that counties must adhere to when allocating funds to community organizations.

Required Documents for Application Submission

Proposals are due by Feb 20, 2026 and must be submitted to the Polk County Executive's Office by emailing catricelowe@yahoo.com with the following required documents:

- Application for funding
- Completed budget template
- Completed work plan
- Current annual operating budget
- State certification, licensure, or accreditation if applicable
- Letters of support from any project partners or collaborators if applicable

Selection and Award Process

The Polk County Opioid Board will review and score all applications received. The board will consider scores along with other factors to make funding decisions. These factors may include county priorities, community needs, funds available, cost-effectiveness, and federal and state regulations. If the total amount requested is higher than the total amount available for distribution, applicants may be contacted to discuss possible project and/or budget revisions.

The Polk County Commission will have final approval of any funding recommendations provided by the Polk County Opioid Board.

Notice of award is expected to occur by March 21, 2026. Following the notice of award, the organizations will be contacted to discuss the contract process and specific metrics that must be reported back to the county.

The funding period will be *12 months in duration* beginning April 1, 2026 unless an alternative project start date is agreed upon by the awardee and Polk County finance director.

Allowable Uses of Funds & Funding Restrictions

Awarded funds cannot be used for administrative or indirect costs. Activities must meet the definition of opioid remediation, be evidence-based strategies or promising practices, and align with the core strategies and allowable uses outlined by [Exhibit E](#). The Tennessee Opioid Abatement Council (TN OAC) adjusted Exhibit E into the [Remediation List Strategies](#). Organizations will be asked to use this document when applying and for reporting purposes if funded. Core strategies include:

- Naloxone or other FDA-approved drugs to reverse opioid overdoses
- Medication-assisted Treatment (MAT) distribution and other opioid-related treatment
- Address the needs of pregnant and postpartum women
- Expanding treatment for Neonatal Abstinence Syndrome (NAS)
- Expansion of warm hand-off programs and recovery services
- Treatment for incarcerated population
- Prevention programs
- Expanding syringe service programs
- Evidence-based data collection and research analyzing the effectiveness of the abatement strategies within the state
